Louvain-la-Neuve, the 28th of January,2020.

AGC Glass Europe

is pleased to declare that that the company

Faraz Jam

is able to process the following products in terms of pre-processing and heat-treatment

The whole Stopsol range
The whole Sunergy range
The Planibel G and Planibel GfasT
The whole LacobelT and MatelacT range

Valid until February 2022

It is the sole responsibility of the processor to adequately inspect the heat treatable coated glass before each step of fabrication and prior to installation. Failure to apply all professional standards, customary instructions and processing instructions (availbale on www.yourglass.com) will automatically void any warranty regarding heat treatable glass of AGC. The processor has the full responsibility for the quality of the final product.
